

Indoor Athletics Competition

Some of our year 3 and 4 children took part in an indoor athletics competition at Fenton Manor Leisure Centre recently. They participated in events such as speed bounce, relays, long jump and obstacle races.

Competition was fierce and the children all put excellent effort into their races and events. After quite a wait for the athletics results, we are pleased to say that Hanley St Luke's managed to achieve 6th place out of the fourteen schools who were there! In fact we were only 6 points off 4th place which was shared between two schools! A big well done for working so hard everyone and representing our school so very well.
